Bus Timetable (Road Transportation Safety Polytechnic, Indonesia)

Description:

The Road Transportation Safety Polytechnic (PKTJ) provides an internal shuttle bus service to support sustainable mobility and facilitate the movement of students, lecturers, staff, and visitors between Campus 1 and Campus 2. This shuttle service is implemented as part of the institution's commitment to reducing the use of private vehicles, minimizing traffic congestion within the campus environment, and promoting environmentally friendly transportation practices in accordance with the principles of the UI GreenMetric World University Rankings.

The shuttle fleet consists of several types of vehicles, including medium-sized buses and minibuses, which are operated to accommodate varying passenger demands throughout the day. Dedicated parking and maintenance facilities are available within Campus 1 to ensure the operational readiness, safety, and reliability of the shuttle fleet. The availability of different vehicle capacities allows the institution to optimize transportation services while maintaining efficiency and reducing unnecessary fuel consumption.

To ensure accessibility and convenience, PKTJ has established a designated shuttle route connecting the main academic and administrative facilities located across Campus 1 and Campus 2. Route maps are provided to clearly illustrate the circulation pattern and service coverage of the shuttle buses. These routes are strategically designed to support daily campus activities and provide safe and efficient transportation for the academic community.

The shuttle service operates according to an officially approved operational schedule, as evidenced by the institutional decree and timetable documents. The timetable specifies departure and arrival times throughout the day, enabling users to plan their travel effectively between campuses. Regular shuttle operations help reduce

dependence on motorcycles and private cars, thereby contributing to lower greenhouse gas emissions and supporting sustainable campus transportation management.

Through the provision of shuttle buses, route planning, operational regulations, and scheduled services, PKTJ demonstrates its commitment to creating a greener, safer, and more sustainable campus transportation system. The shuttle service not only enhances mobility and accessibility but also supports the university's broader environmental objectives by encouraging collective transportation and reducing the carbon footprint associated with daily campus travel.
